

Pet Protection Plan & Pet Legacy Programme

Providing care, protection
and peace of mind for you
and your loved ones.

Protecting One of the Family

Everyone who has had the joy of living with an animal knows full well the love and devotion they give to us. That is why, quite naturally, we regard our animals as ‘one of the family’.

As with each family member it is not unreasonable that we want to take all reasonable steps to ensure that when they are in need of urgent care we have the funds to provide for them, and it is no different when it comes to protecting our animals.

For this reason the Auckland SPCA has developed an effective and affordable comprehensive Pet Protection Plan designed to cover

those situations that are likely to occur from the moment they enter your family till the time of their (or your) departure.

We call it the SPCA Pet Protection Plan, and here's how it works.

SPCA ADOPTED ANIMALS - 14 DAY COVER

From the very day you adopt your animal from the SPCA in Auckland you will automatically be covered for 14 days, absolutely free. This is our guarantee that should your newly acquired pet suffer any medical problem in the first two weeks at home with you, the SPCA will pay veterinary fees up to \$50.00 (this excludes accidents).

EXCLUSIVE PET LEGACY PLAN

Automatically included in the Pet Protection Plan is provision for the inevitable, either the death of your pet or your own death or serious illness. That's why this protection programme is so complete, providing as it does that 'peace of mind' that is so important should you predecease your companion animal knowing that they will be cared for after you have gone.

Annual Protection Plan

The most comprehensive and affordable way to keep your pet happy and healthy.

When you subscribe to our annual protection plan, and renew it on an annual basis, your treasured animal will be fully covered for those unforeseen accidents, those annual costs that have to be met, and even in the finality of death. Few things are more beautiful than that very special bond between humans and animals, and the companionship that each brings to the other provides many moments to treasure throughout a lifetime. Those moments are worth protecting and that is why the SPCA has created this comprehensive pet protection programme to ensure the ongoing health of your special friend.

“There is little that separates humans from other sentient beings – we all feel pain, we all feel joy, we all deeply crave to be alive and live freely, and we all share this planet together.” – Ghandi
